

# THE DIDSBURY PIPIER

VOLUME 43: NUMBER 9

DIDSBURY, ALBERTA, WEDNESDAY, FEB. 28, 1947

\$2.00 A YEAR: 5¢ A COPY

## WILL TAKE OVER \$30,000 TO OPERATE TOWN SCHOOL

At the first meeting of the 1947 school trustees of Didsbury School District 662, held last Monday evening, Trustees Law, Morris, Oke and Hunsperger were present and Geo. Law was appointed Chairman of the Board.

Estimates for the year were drafted and when compiled showed that the schools in Didsbury in 1947 will need about \$30,000 to carry on. This is an increase over last year and means that the Town and Municipal ratepayers must raise at least \$21,000 of this sum while the balance of revenue will be made up of school grants and tuition fees.

The Board decided to have a telephone installed in the school as soon as connections can be completed.

## J.W. WORDIE AND L. BERSCHT WIN EVENTS IN MASONIC BONSPIEL

Ten rinks were entered in the annual bonspiel of King Hiram Lodge No. 21, A.F. & A.M., played at the local curling rink last Wednesday, and many once-year curlers enjoyed themselves even though a bit stiff and sore the next day.

In the main event the J. Wordie rink won out in the final game from the Sam Krueger aggregation, and in the secondary event the Len Berscht rink won in the finals from the H. Halliday rink.

The results of the 'spiel, therefore, gave first to the Wordie rink in the main event, and first to the Berscht rink in the secondary event.

Following is the personnel of the rinks, the first named being skip and the others in order of play.

Topley, Kirby, Eubank and E. Cullen.

Law, Fleury, F. Ahlgren and H. Morgan.

Krueger, Rouleau, L. Jenkins and R. Ahlgren.

Halliday, A. Reiber, Burns and Thompson.

Morris, Parsons, E. McInnes and G. Smith.

Johnson, Dr. Paul, H. Hoesgood and Dr. Sumner.

T. Morton, Richardson, R. Clarke and Bill Morton.

Wordie, Wiggins, Barrett and O. Rupp.

Berscht, McFarquhar, Mortimer and Brinton.

C. Reiber, Watkin, Thring and Leeson.

## FORTY YEARS AGO

March 1, 1907

Deering Bros. have found a well for M. Weber and drilled an ample supply of water, and the building of a first Mill in Didsbury is now assured.

Mr. A. Gilmour of Calgary will open up a bakery and confectionery store in Didsbury and the location of the new building now being erected is next to N.B. Good's store.

W.E. Mowers is building a large warehouse and sample room at the back of his store on Railway Street.

Mr. D.B. Martin has returned from Hagersville, Ont., and is going to start a branch for the Chicago Aeromotor and Windmill Co. in Didsbury, and the first carload of pumps, windmills, etc., is on the way and should arrive in a few days.

Didsbury will have two passenger trains each way each day, when the new C.P.R. schedule goes into effect March 4.

## WANT TO JOIN THE CURBS?

All boys between the ages of 8 and 12 interested in joining the Cub Pack please report to Mr. H. McCulloch in the Lions Hall on Tuesday, March 4th at 7 p.m. Parents welcome.

LEDUC "WILDCAT" NOW IN PRODUCTION

A new oilfield for Alberta became a possibility when Imperial Oil, after years of disappointing exploration work, brought a well successfully into production on Thursday, Feb. 13. Called Leduc No. 1 it is 12 miles northwest of Leduc

and 16 miles south of Edmonton. As the well started to produce, the first mixture of oil, gas, mud and water was "bared" to prevent contamination of storage tanks. The flare is seen sending clouds of flame and smoke skyward.

## 28 Deer Brought By Truck From Pincher Creek Area

Considerable excitement prevailed in town for a time Saturday night when many local and district residents gathered on the Frank Stevens' corner to see the truck load of deer brought in from the Pincher Creek area by Gus Bittner and Irvin Klein.

There were 28 deer in the load on Gus Bittner's truck, mostly does, although one large buck was in evidence, and the truck was divided into three compartments to separate the animals as much as possible during the long trip.

The deer remained on the truck overnight and Sunday morning were transported to the Frank Heslton farm on the Little Red Deer river, where they were corralled and will be fed for a time before being turned loose.

This movement was planned at the annual meeting of the Alberta Fish and Game Association held at Red Deer in January and was originated with a view to save our wild life, as well as to save the feed stacks of Pincher Creek farmers which were being raided by the deer due to heavy snow in that area.

This is the first instance anywhere on the North American continent where wild deer have been transported by truck from one area to another and the experiment was a complete success. In all 48 deer were brought to the area. The one truck mentioned above was provided by the Didsbury Fish and Game Association, and the other by the Olds Fish and Game Association which 20 deer were loaded and will be liberated west of Olds. The Alberta Fish and Game Association and the Game Department co-operated in the plan.

The trucks left Friday morning for the Pincher Creek area after an unsuccessful hunt in the previous week, and the Didsbury truck was owned and driven by Gus Bittner, with Irvin Klein as his assistant and chief advisor.

The deer were trapped on the farm of Walter Jenkins, about 25

### MORE NEW EQUIPMENT AT EFFORD MOTORS

Ed Ford, proprietor of Efford Motors, announces this week the installation of a "Manbeck Balance Master" machine for balancing wheels of cars and trucks, and the new equipment is now in operation. With this new machine wheels of cars and trucks can be perfectly balanced and we understand the cost is only \$1.50 per wheel plus the cost of weights, which amount only to a few cents each.

### LACK OF POULTRY CAUSES CONCERN TO LOCAL SHOP

Jas. Kirby, proprietor of Kirby's Meat Market, has been endeavoring to buy poultry on the local market, but says he has had little success so far. Not that he hasn't been saying good prices, but shippers have apparently been in the habit of shipping to Calgary and give little thought to the local dealer. There is a good demand for poultry at the local meat markets and in order to supply this demand Kirby has to be shipped in from Calgary at higher prices.

miles southwest of Pincher Creek, after being driven from their natural feeding grounds by the deep snow and cold weather, to raid the farmers' feed stacks, and instead of halting the damage by shooting the deer out of season it was proposed to transfer them to the areas west of Didsbury and Olds, which is open to hunters in the fall.

The initial trap was constructed with exceptionally high sides and was baited with oat sheaves, and after the deer were enticed inside the trap was closed and the animals driven into an adjacent holding corral. In this way 48 deer were taken altogether, but in a mishap one received a broken neck and had to be destroyed. The other 47 were loaded by driving them through a chute onto the trucks and they were safely transported over the 225 mile journey, the one truck arriving in Didsbury about 9 o'clock Saturday night. The deer remained on the vehicle Saturday night and were fed in the truck and it is said that most of them seemed eager to partake of a little nourishment after the long trip.

## DIDSBURY CURLERS LOSE CHALLENGE EVENT AT OLDS

Curling a total point two-game contest in Olds on Friday night for the MacDonald Cup, emblem of inter-town competition, the Didsbury aggregations lost both games to the Olds curlers by scores of 13-11 and 22-10. Personnel of the Didsbury rinks were "Dad" Gilbride, skip, Harvey Gilbride, Fred Evans and Ernie Clarke; Dave Edwards, skip, Clint Reiber, Don Law and Walter Sillery.

Following the competition the Olds team members entertained the Didsbury curlers at a supper in the Public Lunch restaurant. After the supper there was a discussion on the possibility of a central Alberta bonspiel being held annually at one town in the district with surrounding towns sponsoring at least one event. The general opinion of those present was that such a bonspiel, taking place on a different town each year, would be a boon to the district, and with the possibility of all the larger towns in the area having covered skating rinks in the near future, sufficient sheets of ice would be available for a large number of entries. Such a bonspiel would prevent the disruption of club play which usually occurs for at least a month during the bonspiel season.

FUNERAL SERVICES HELD FOR ALBERT F. COWITZ

Funeral services for the late Albert Frank Cowitz, who passed away at his home on Monday, February 17th, were held from M.B.C. Church, Didsbury, on Thursday, February 17th. Rev. C.J. Hallman, assisted by Rev. D.C. Fyfe, officiated. Pallbearers were Leslie Evans, Percy Hoesgood, Albert Krebs, Ross Youngs, Emerson McInnes and Lloyd Chandler.

Interment followed in the Didsbury cemetery with W.A. McFarquhar of Didsbury Funeral Home in charge of arrangements.

## DIDSBURY U.F.A. LOCAL HOLD ANNUAL MEETING

At the annual meeting of Didsbury Local of the U.F.A., held in the Lions Hall on Friday, February 21, the following officers were elected: President, Kenneth Burns; Vice-president, W.E. Stiles; Secretary-treasurer, Charles Dickau.

The financial statement for the year was read and found to be in good condition with a balance of \$80 in the treasury. The report of the delegates attending the recent U.F.A. convention in Calgary was made and well received.

A vote of thanks was given to the two retiring officers, Ernest Clarke, who had served as president for two years, and J.W. Scheidt, who had served in the capacity of secretary-treasurer for 15 consecutive years.

## ENTERTAIN LADIES AT ANNUAL CHARTER NIGHT PROGRAMME

The third annual Charter Night of the Didsbury Lions Club was held in the hall last Thursday evening and commenced with a banquet to which the ladies were special guests. Other guests were E.C. Collier, president of the Calgary Lions Club, as well as visitors from Olds and Innisfail, and altogether there was an attendance of over 70.

Ed Wiggins was toastmaster for the evening and Ernie Clarke was song leader and an enjoyable program was carried out.

The address of welcome was given by the president, Sid Gilson, and was responded to by E.C. Collier.

President of Calgary Lions Club, Chris Flanagan proposed the toast to the ladies and Mrs. Roy McArthur replied.

Tom Morris proposed the toast to "Lionism 1947" and the response was given by past-president Art Reiber. Bill Payne proposed the toast to the members, and Ed Kline responded.

Guest speaker was R.E. Risdon-Paquet, supervisor of water sports for the Red Cross, and he showed pictures which were greatly enjoyed by all.

The evening's entertainment was concluded with an informal dance, and part of the music was supplied by the Didsbury school orchestra.

## LORD ALEXANDER APPEALS FOR AID IN RED CROSS CAMPAIGN

Declaring that the humanitarian work of the Red Cross is needed "every bit as much in peace as it is in war," His Excellency, the Governor-General, the Viscount Alexander of Tunis, has asked all Canadians to give their generous financial support to the appeals for \$5,000,000 which is the sum urgent campaign opens across Canada on Monday, March 3rd.

His Excellency's statement follows: "In my capacity as President of the Canadian Red Cross, I appeal to all Canadians to help raise \$5,000,000 which is the sum urgently needed this year, 1947."

"In this short address I do not propose to tell you what the Red Cross is and what work it does. This must surely be known to all of you. If you are in doubt, our prisoners of war will be able to tell you and also those at home who have received first aid and nursing and enjoyed the many other charitable gifts of this great and benevolent society."

"But I can tell you that the humanitarian work of the Red Cross is needed every bit as much in peace as it is in war. We have no difficulty getting volunteer workers, but the projects of a big organization like this cost money and it is money we must have, if it is going to carry out the wonderful work which has made the name of the Red Cross known and respected throughout the world."

"I would, therefore, ask you to give as generously as you can. By giving you will be doing a great service to your fellowmen."

The \$5,000,000 mentioned in His Excellency's statement is the minimum objective. Among the projects are the establishment of a national free blood transfusion service, maintenance and extension of the Red Cross's string of Outpost Hospitals and nursing stations which number 54 on the Dominion's frontiers, aid to veterans, including the maintenance of Leagues of military hospitals and various other undertakings for the saving of life and conservation of health in Canada.

## Town Council Appoints Committees For The Year

### OLDS AND DIDSBURY PLAY TIE MIDGET HOCKEY GAME

At the local rink last Friday night Olds Victorians and Didsbury Lions played a tie game in the first midget encounter since the advent of warm weather two weeks ago.

Ken Morris scored the first goal of the game for Didsbury, but Olds evened up before the end of the period. Again in the second period Didsbury went ahead on a goal by George Platz, but Olds came back strong to make it 2-2. The third period saw the teams tying, but they lasted through to the end of the game without another counter and the game ended 2-2. Due to the lateness of the hour no overtime was played.

Didsbury's lineup was: Goal, Clive Johnson; Defence, Vaughn LeGrand, Buckley Barrett and David Saulteau; Forwards, Bill Edwards, Don Cassidy, Ken Morris, Don McArthur, Don Gilbride, George Platz, B. Roberts, Bob Devolin, Conrad Platz, Ira Roberts and Jack Gilbride. George Wiggins was the referee.

### LADY CURLERS SETTLE FOR AFTERNOON BRIDGE GAME WHEN TOO WARM TO CURL

The ladies of the Didsbury Curling Club have been active in bonspelling the past week and last Wednesday two rinks played at Olds. One was skipped by Margaret Hanson, with Vivian Cathness, Mrs. Lila Tugle and Mrs. Payne; the other was skipped by Mrs. Harvey Gilbride, with Mrs. Jessie Fulkerth, Mrs. Molly Fulkerth and Mrs. Tom Morris. Mrs. Topley was an interested spectator.

Saturday two local ladies rinks went to Crossfield to play in the bonspiel. They were: Mrs. Walter McCoy, Mrs. Frank Stevens, Mrs. Carter and Mrs. E. Buhr, Mrs. F. Platz, Mrs. J. Topley, Mrs. M. Wood and Mrs. L. LeGrand. The ice was soft Saturday afternoon so the ladies all played bridge. Mrs. Mills of Carstairs won first prize in the bridge contest with Mrs. Walter McCoy of Didsbury second. The weather was colder Saturday evening and the games were all completed.

Then on Monday two Didsbury rinks entered in the ladies' bonspiel in Calgary. Mrs. Wyn McCoy, Mrs. Jessie Fulkerth, Mrs. Alma Shannon and Mrs. Rita McCoy comprised one rink and the other is Mrs. Harvey Gilbride, Mrs. H.W. Epp, Mrs. McNeill and Vivian Cathness. Mrs. Topley and Olga Dupont of Didsbury are also playing in the Calgary bonspiel with a Carstairs rink.

### WESTCOTT SCOUTS ATTEND JUBILEE IN CALGARY

The Westcott Scouts visited Calgary on Saturday, February 15th, and took in the Scout Jubilee held in Victoria arena. The program was thoroughly enjoyed by all, the most interesting events being the chuck wagon races on the ice, the clown act and the broomstick race. The Westcott troop may enter the competition next winter.

### DIDSBURY HOSPITAL BIRTHS

Born, to Mr. and Mrs. N.J. Neufeld on Thursday, February 20, a son.

To Mr. and Mrs. C. Binder of Carstairs on Tuesday, February 25, a son.

## Canadian Growers Get 30c Advance In Price Of Wheat

Canadian wheat growers will receive an advance of 30c a bushel on wheat used for domestic consumption it was announced from Ottawa when the paving price was lifted to \$1.53 a bushel. The advance will be paid to the farmers through wheat participation certificates.

As bread prices are to remain unchanged with wheat to the miller at a fixed price of 77¢ per bushel, the extra 30c will be paid from the public treasury.

Only change will be an increase of slightly more than 30¢ per bushel when wheat is used for feed in Canada.

The Canadian wheat board is also setting open quotas for exports of oats and barley for the remainder of the crop year. Previously the quotas was 10 bushels per acre for oats and 15 on barley. The decision

The first meeting of the 1947 Council of the Town of Didsbury was held on Monday evening of last week, with all Councillors present.

Mayor H. Lynch-Staunton and Councillors C.E. Reiber, S.J. Gilson and R.D. Kimmel took the oath of office and were duly installed in the Council.

C.E. Reiber was appointed Deputy Mayor and committees were chosen for the year as follows:

Finance: Councillors Reiber and Lynch-Staunton.

Public Works: Councillors Cathness and Reiber.

Fire and Property: Councillors Parsons and Kimmel.

Sanitation: Councillors Bowman and Gilson.

Relief: Councillors Gilson and Parsons.

Water Works: Councillors Cathness and Kimmel.

Building Inspectors: Councillors Bowman and Frank Kaufman.

Library Board: Councillors Gilson, Mrs. H.M. Bowman, Miss M. Hanson and Mrs. Leavens.

Board of Health: Councillor Bowman.

Hospital Board Representative: Councillor Kimmel.

Rosebud Health Unit Representative: Councillor Reiber.

Auditor: A. Brusso.

Assessor: B. Mowers.

Outside of routine business and passing of accounts the only other business conducted at the statutory meeting was the authorizing of the building of a power line to the Exhibition Grounds, and the setting of regular meeting nights of Council for the first Monday of each month at 8 p.m.

### EASTERN STAR WHIST AND BRIDGE PARTY

Members of St. Hilda's Chapter O.E.S. held a very successful bridge and whist drive in the banquet room of the Rossmore Hotel, Didsbury on Tuesday evening, February 18, and fourteen tables were in play.

Honors in bridge went to Mrs. L. Gordon and Bert Prevost, with consolation going to Mrs. J. Freeman and Ed Wiggins.

Whist prize winners were Mrs. Ed Carleton and C. Bartist, and consolation went to Mrs. G. Parsons and Ed Carleton.

Following cards a delicious lunch was served and prizes were distributed.

### WESTERDALE NEWS NOTES

An enjoyable evening of whist was held at the home of Mr. and Mrs. F.J. Jackson last Wednesday evening at which \$7.50 was raised.

Honor winners were Mrs. W. Wiley and Mr. J. Cowie. Consolation went to Mrs. L. Jones and Bob Jackson. Hostesses were Mrs. L. Jones and Mrs. Herbert with Mrs. D. Herbert as co-hostess.

Mrs. L. Jones was a Calgary visitor the week before last.

The roster raffle conducted by the Westerdale boys' hockey club on Saturday last, raised approximately \$20 being raised. The draw was won by Mr. L. Jones.

Mr. B. Parkes returned home last Thursday from Red Deer where he has spent the past two months taking an agricultural course.

The Westerdale boys' hockey team travelled to Westcott last Saturday for a game of hockey but were unable to play because of soft ice.

The Westerdale ladies met at the home of Mrs. A. Buckley last Thursday for the purpose of making sandwiches for Mr. F. Welsh's auction sale on February 21.

## An Agency For Peace

THE PHRASE "ONE WORLD" has been used in many connections in recent years and it has become very familiar to us all. It has now been taken up by the United Nations Educational, Scientific, and Cultural Organization which has summarized its objective as "to make the peoples of the world live and think in terms of one world." It is possible that this organization, in which forty-four countries are represented, may have a far-reaching effect on the future outlook of many thousands of people, for it plans to work through departments of education, teachers, and adult education leaders to promote international understanding and stamp out narrow nationalism.

### To Break Down Many Barriers

The organization, known more briefly as U.N.E.S.C.O., hopes to develop a world-wide program in fundamental education and to fight illiteracy. It also plans to study the possibilities of establishing an international radio network and of breaking down barriers in other fields associated with the exchange of information and ideas. Mr. Herman Vander, one of the Canadian representatives to the recent meeting of U.N.E.S.C.O., pointed out in an interview at the conclusion of the gathering, that it must be remembered that the organization does not wish to interfere with the art or culture of any country, but only to teach "the age-old theme of tolerance, understanding and friendship."

### A Hopeful Sign For The Future

Prime Minister Attlee once said that "war is made in the minds of men." Few people need to be reminded of the powerful part played by distorted ideas in the building up of the Nazi regime in Germany. It is now a hopeful sign for the future peace of the world that the importance of education in breaking down prejudice and misunderstanding has been recognized, and that practical steps are being taken to use it as a means of preventing future wars. One very commendable and practical undertaking of the organization is the plan to launch a campaign to raise \$100,000,000 to rebuild schools and provide educational equipment in the war-devastated countries. It is probable that immediate results of the plan made at the recent meeting held by U.N.E.S.C.O. will be felt here and in other lands, and it is to be hoped that its undertakings will meet with the interest and support which they deserve.

## TOO WEAK TO DO ANYTHING

On CERTAIN DAYS of Month? This fine medicine is very effective to relieve painful disease and tired, nervous, irritable feelings, of such days—when due to female functional troubles. Thousands report benefit! LYDIA E. PINKHAM'S COMPOUND

### CANADIAN PAINTINGS SHOWN IN HOLLAND

THE HAGUE.—Under auspices of The Netherlands Canada Society, Canadian paintings transferred to Holland at the closing of the Unesco exhibition in Paris are being exhibited in The Hague. The opening was by Pierre Dappuy, Canadian Ambassador, in the presence of Dutch Government representatives, the burgomaster and other officials.

### UNDERGROUND COURT

To take testimony in a mine disaster at Johannesburg, South Africa, a police court session was held on the 27th level of a gold mine more than 7,000 feet underground.

## PREDICTS CAR OUTPUT TO INCREASE

TORONTO.—Prospective buyers of new cars are going to get a 50 per cent. better break in 1947 than they received in strike-torn 1946, according to W. A. Wecker, president of General Motors of Canada Ltd., who predicted that the Canadian auto industry would produce between 150,000 and 170,000 cars and trucks this year. Last year production totalled 100,000 units.

Mr. Wecker spoke at the annual dinner held by his company for the press at the Royal York Hotel. The program was presided over by E. J. Dunphy, director of sales for GM.

My own prediction is about 160,000 cars and trucks, which will relieve the pressure to some degree," the president said. "It will mean that the public won't have to wait so long to get their orders filled."

Mr. Wecker stressed that these production figures were conditional on there being no major war stoppage. He believed that by mid-summer of this year, the supply picture would be much improved. In normal times it is less than three days supply of any parts on hand, the plant is considered to be out of them.

Mr. Wecker said. Today, the factory is running on an hour-to-hour basis on the 8,000 individual items that go into manufacture of cars and trucks. The company had sent its own trucks into the United States to speed up delivery of critical parts.

"We are desperately doing everything possible to lift our production gaps," Mr. Wecker told his audience. He pointed out that though 1946 was a disappointing year in many respects, because of strikes and numerous shortages, more cars were turned out in that year than in the last previous year of the war.

"After the first quarter of 1947, it is not too much to expect a gradual rise in production volume," the president said.

## FUNNY and FUNNY OTHERWISE

It was the young usher's first big wedding and he had to evict an old lady from the reserved seats. Nervously he tapped her on the shoulder and then said with a rush: "Mardon me, Madam. You're disturbing the strong pie. May I see you to another seat?"

Juggins: "How do you get on with the boss, old man?"

Duggins: "He's about the meanest man I know."

Juggins: "How's that?"

Duggins: "He's about the meanest man I know. He's about the meanest man I know. He's about the meanest man I know."

The banker's daughter threw her arms around the neck of the bridegroom-to-be.

"Oh, dear," she exclaimed, "I'm going to give you a cheque for a present."

"Excellent!" exclaimed the happy young man. "Then we'll have the wedding at noon instead of 2 o'clock."

"Why, dear?"

"The bank's close at 3."

The train was a cross-country affair that stopped at all stations and frequently several times in between. Toward the end of a very long journey the conductor came around.

"Look here, sir," he said to one of the passengers as he examined his tickets, "that boy is too big to travel half-fare."

"Is he really?" replied the passenger quietly. "Well, he was small enough when we started."

Bill was busy at his desk when a friend creaked in.

Friend (groaning): "I don't know what to do with this rheumatic joint."

Bill (politely): "I didn't know you suffered from rheumatism."

Friend (groaning): "What else can you do with it?"

A professor of physiology was describing the organs of sense, etc., and finally asked for a summary of his lecture. The star of the class arose and said:

"Well, Prof., as I see it, I see with my eye organs, I hear with my ear organs, I smell with my nose organs, I eat with my mouth organs, and I feel with my hand organs."

"I can't sleep," wailed a voice in his ear, as the doctor got out of bed to answer the telephone at three in the morning.

"Hold the wire," said the doctor earnestly, "and I'll sing you a lullaby."

Palm oil is used in the production of steel plates. 2711

## Soviet Weathermen Coming To Canada To Exchange Data

TORONTO.—Dr. C. G. Rossby, professor of meteorology at the University of Chicago, told the Royal Canadian Institute here that Russia is sending a group of experts to Canada and the United States to confer with meteorologists of the two countries, while a group from the U.S. is going to Russia.

He said that as far as meteorology was concerned, Russia co-operated "verbally and completely" in the exchange of weather information.

Canada has six weather stations in 500,000 square miles and should have 15 more, he said. Despite "certain districts of Russia" the fact remained that Russia sends more weather information to Canada than the Dominion's weathermen send to Russia.

Since weather recognizes no borders, Dr. Rossby said he hopes that some day there will be a world weather organization, financed internationally.

Meteorologists throughout the world, regardless of politics and policies, are on a "first name" basis and are interested only in meteorology, he added.

HONEST ANSWER—Whenever we read about some man saying, in answer to a reporter's question, that he attributes his success to his wife, we think of the refreshing answer once made by a man who had the courage not to be modest: "To who else I attribute my success? Why, to my ability, of course!"

OTTAWA.—The British ministry of food has agreed to purchase up to 10,000,000 pounds of dressed Canadian poultry before March 31 and the special products board has increased its buying price to one-half cent under the wholesale ceiling, the agriculture department announced recently.

NEW ZEALAND'S first railway was opened in 1863.

## Indomitable Courage

## Dame Of Sark, Ruler Of Tiny Isle, Stood Up To Nazis

(By Ethel Tiffin in Montreal Star)

RULER of the tiny channel island of Sark, whose laws date back to the time of Queen Elizabeth, the Dame of Sark was in Montreal recently with her husband, Robert W. Hathaway, who is justly proud of his wife and refers to her as the only woman ever cheered in the House of Commons. During the German occupation of Sark, Mr. Hathaway was a prisoner of war for two and a half years, and in his absence the Dame of Sark, an attractive, grey-haired woman with a winning smile, administered the affairs of the island and won the respect of the Germans both for her indomitable courage and her remarkable efficiency.

When the Home Secretary visited the island he found everything so well taken care of that he reported it in detail in the British House and the House stood up and cheered.

The Dame of Sark has always wanted to come to Canada—this was her first visit—and particularly to Montreal which has a special place in her heart since her mother was born here, a daughter of George Morfitt. Young Miss Morfitt attended school in England and there met Mr. W. F. Collins who later became the Seigneur of Sark. The Dame of Sark's first husband, the late Mr. Dudley Beaumont died some years ago and she remarried.

Suffering from a severe attack of laryngitis, which forced her to cancel several lectures she was planning to give in the United States, the Dame of Sark is modest about her wartime achievements, but she does admit she was firm and unyielding with the German commander whose troops were stationed on the island.

"I told him firmly and politely that my people would not resist military occupation, but that I had urged my people to stay on the island rather than evacuate to England with the assurance that I would look after them. The commander agreed that I should retain control of the civil administration and they seldom caused us any difficulty. They hoped, of course, to take England and they were sufficiently farseeing to realize that they should treat the islanders right because they wanted my people to work for them."

Mr. Hathaway told the reporter he had heard glowing accounts of his wife's non-violent determination which meant so much to the people of Sark. "The Germans respected her and had brains enough to see that she meant what she said," he added. "Why all during the war, she had her own secret wireless—all radios, of course, were banned on the island during the German occupation—and listened to the BBC news broadcasts every night. Her two white poodles were with her all the time and here's something that will interest you and your readers: At the present time while we're away, her daughter, Jeanne, is temporary ruler of the island."

Whatever regulations she passes become law and all must abide by them. We have our own Parliament—held in the presence of the Seigneur—and the Dame of Sark is accountable only to the King of England in Council, not to the British House of Parliament.

It was pleasant to hear of an island where roses bloom until after Christmas. Sark is a dream like Sark, three and a half miles long and a mile and a half wide, with a population of several hundred. The people are engaged chiefly in farming and raising no motor cars nor the peace and quiet of the beautiful countryside and a picturesque coastline add to the island's charm. Tourists flock to Sark. In good years, Mrs. Hathaway estimates at least 20,000 tourists visit Sark, believed to be the only feudal state in the world. The proceeds for the Treasury's revenues. Tax per tourist is 15s.6d. and the strong attraction for visitors partly lies in the fact that it is the old laws, traditions and customs, which date back to the time of Queen Elizabeth in 1565 when the island was granted a charter for self-government, have been retained.

The reporter, in an enquiring mood, asked Mr. Hathaway how his wife succeeded to the rulership. "She was the eldest daughter, there were no sons in her family, so the title came to her," he explained.

## Britain's College For Air Students

Britain's College of Aeronautics, an educational establishment which is unique in the world, opened recently. The College is for students from all parts of the Commonwealth and Empire, as well as Britain, and is designed primarily to provide a practical post-graduate education in aeronautics for men destined to take a leading position in the aircraft industry, research establishments and the services. There will be three main departments dealing respectively with aerodynamics, aircraft design and aircraft propulsion. A flight section will also be provided. The cost of this new college will be more than three million pounds, states the Empire Digest.

To clean walls, move the brush from the bottom up, not the top down. Dust hangs down, and the upward motion lifts it off without danger of streaking.

## Jumping 1,000 Feet Suicide

David H. Gordon, Jr., jumped 1,000 feet to death from Empire State building.

Hit by falling man as she walked on N.Y. street, Mrs. F. Coover, 51, was injured.

## RULES FOR GOOD HEALTH ARE SIMPLE

J. Madeline Clay, national convenor of health for the Catholic Women's League, writing in the Canadian League, gives the following 10 simple rules for good health:

1. Go less, sleep more.
2. Ride less, walk more.
3. Talk less, think more.
4. Scold less, praise more.
5. Waste less, give more.
6. Eat less, chew more.
7. Chatter less, baffle more.
8. Idle less, play more.
9. Worry less, laugh more.
10. Preach less, practise more.

## THE SPORT WORLD • • •

Calgary Stampeder Football club, at annual meeting in Calgary rejected Jack Gordon as president for the 1947 season but delayed temporarily definite action on a project to import American or eastern Canadian players to bolster the entry in the Western conference.

Pittsburgh Pirates have taken another step in the development of what they hope will be a pennant contending club this year when they purchased Hiram Gabriel (Hir) Bithorn, 200-pound right-handed pitcher, from the Chicago Cubs for the waiver price of \$10,000.

This year the Alberta government will match the fish and game leagues funds dollar for dollar in financial assistance.

Mrs. Babe Zaharias, national amateur champion, trimmed seven strokes off the women's tournament record at Miami, Fla., recently by carding a 33-35-68 in the qualifying round of the 16th annual Deberry golf tournament. Her score was only one stroke off the men's record of 67.

Coming through with his last rock to erase his opponents' only counting score, Leo Hall and his Benito, Manitoba, rink had the thrill of scoring an eight-end recently in a curl match.

By the time the next Calgary, Alta., bonspiel rolls around they'll have 26 sheets of artificial ice, Brang on these chinolips!

Representatives of game and fish associations throughout the three prairie provinces, British Columbia, and the Yukon, at a recent meeting, recommended the hunting season for the west be 15 ducks per day throughout the entire province with a season limit of 75 birds, when they met at the annual meeting of the western Canada-Yukon game and fish council at Red Deer, Alta.

LOS ANGELES—Joe Louis has decided he doesn't care who he fights in the next defence of his heavyweight championship. "Just so he's the one that'll draw the most money," The champ, who looked pretty good despite the fact he weighs nearly 218 pounds, is getting ready for a tour of Mexico and Central America, boxing a series of exhibitions.

## English Plane Wreck Kills Twelve At Croydon Crash

Twelve persons were killed or burned to death in this Dakota plane when it crashed into airport aircraft at Croydon airport, near London, while taking off from the ice-covered runways. Plane was bound for South Africa.

Passengers are seen boarding the ill-fated plane, operated by Spencer Airways, prior to the tragic take-off at Croydon. The plane carried 18 passengers, members of families, and its full crew. It hit a parked Dakota.

## Boosts Amateurs

## Viscount Alexander Confident Canada Can Lead World In Sport

CONFIDENCE in the ability of Canadians to lead the world in sport was expressed by Viscount Alexander in a statement to the Amateur Athletic Union of Canada in which the Governor-General spoke of the "tremendous effect" athletics, played in the right spirit, have "in developing the good qualities of an individual." Viscount Alexander's statement was contained in a letter to Lt.-Col. George Machum of Montreal, president of the A.A.U. of C. and manager of the Canadian Olympic team. It comes at a time when Canadian sports officials are seeking to develop Dominion-wide interest in Canada's participation in the 1948 Olympic Games.

"I am patron of many things, all of which I am proud of, but none more than of the Amateur Athletic Union of Canada and the Canadian Olympic Association," the Governor-General said. "I have all my life loved games and sports, and have a great admiration for those who are good at them."

"I have played most games from cricket, golf, tennis, hockey, racquets, football, skiing and track running, and although I never have been an outstanding performer, I did once win the Irish mile championship in 1914, and was on the chosen list of those to run for England in the Olympic Games which were scheduled for Berlin in 1916."

"I have had one ambition in my life, and that was to be an Olympic champion, as this has not come my way, my pleasure now is to take an active interest in those who may one day win what I have missed. But I don't feel this way for the sake of personal glorification, but because I believe that athletics, played in the right spirit, have a tremendous effect in developing the good qualities of an individual. This is too well recognized to need enlarging on—it is something we all know."

Viscount Alexander said that "like most things in life, games, as such, have their good and their not so good side." Amateur sports played in the right way were all good, because they developed moral qualities as well as physical.

"The ideal is a high standard of amateur sport, and for those who go to watch, and these are the great majority, it should elevate the soul of its older ones, by recalling the glories of our youthful vigor, and spur the younger ones on to emulate the prowess of the stars of the game."

"And this is not enough, for we should do what we can to provide the facilities, grounds and opportunities for as many young people as possible to play, themselves, these glorious games which help build a sporting and healthy nation."

The Governor-General added:

"Here, in Canada you have all the requirements needed a fine race of young people of the best stock in the world room enough for developing all the playgrounds you want, a magnificent and invigorating climate which allows you to play all the well-established games in summer and fall, and this lovely winter for its ice hockey, skiing, skating and curling. There is no reason why Canadians should not lead the world in sport."

"The answer to that is up to you."

OTTAWA—Canada's building industry moved ahead in 1946 at the greatest rate in history, breaking previous records by more than \$100,000,000.

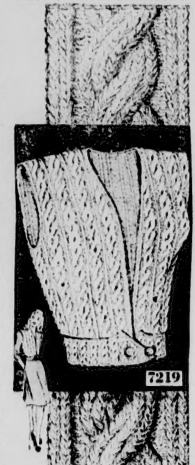

The Bureau of Statistics reported preliminary returns from 204 municipalities showed an aggregate value for the year of \$382,028,707 in building permits. This compared with \$197,187,160 in 1945, \$60,272,379 in 1939 and \$234,944,519 in the previous record year of 1929.

The municipalities issued permits for the construction of 43,625 new dwelling units during the year compared with 28,569 in 1945. The 1946 permits included 39,969 for new buildings and 3,629 for conversions.

END OF A FASHION—The beaver hat, here shown atop Lord Halifax, has almost disappeared from England. A London hatter explained that "making a good beaver is a skilled craft and it is difficult nowadays to get girls willing to be trained in this work. Another reason is the shortage of material, particularly for the hat-band and binding."

## For Smart Comfort

7219

Spring's here, summer's coming! You'll love endless use for this cable-stitch jersey. Provides "anti-chill" and smartness, too.

To make this vest quickly, use knitting worsted. Note the fitted waistband! Pattern 7219 has directions for sizes 10-12, 14-16.

To obtain this pattern send twenty cents in stamps (cannot be accepted) to Household Arts Department, Winnipeg Newspaper Union, 175 McDermott Avenue E., Winnipeg, Man. Be sure to write plainly your Name, Address and Pattern Number.

## United Kingdom Has First Radar Controlled Port

The United Kingdom is about to have the first radar-controlled port in the world, reports the Empire Digest. Liverpool, which handles a large part of the Anglo-American sea traffic, is erecting a radar control station that will be able to plot at any second, the precise position of every ship within 30 miles. In all the sea approaching the Liverpool Docks, pilots will be kept constantly informed of the position of every vessel in their vicinity. No matter what the weather, ships will be able to berth and set sail in safety. In this way, millions of dollars will be saved every year since it costs an average cargo vessel anything from \$500 to \$2,000 when a tide is missed. When the idea is extended to other countries, it is expected to speed international traffic considerably, for several other great sea ports of the world—Rotterdam, London, San Francisco and Southampton—all suffer from the delays of fog and mist. Captain of ships will be able to "come in on the radar beam" and dock safely even though they cannot see the water.

## MAY DISCONTINUE SOCIAL SERVICE TAX

According to the Speech from the Throne at the opening of the Alberta Legislature last Thursday the government of this province plans to discontinue the Social Service Tax as a means of raising additional revenue.

The Social Service Tax at one time was quite low in Alberta, but for the past few years it has risen to staggering figures and has meant additional taxes on both town and municipal property.

In Didsbury the government set a definite sum to be raised and although the Social Service Tax rate in town was only half a mill it produced approximately \$380 in revenue last year. The rate in the Municipal District of Mountain View was three mills and as a result farmers in this municipality last year contributed \$22,560 in Social Service Tax money to the provincial government.

While the abolishment of the Social Service Tax in Alberta may not materially affect the rate of taxation in town and municipality, it will certainly allow more money to be spent on other services.

The apparent reason for the decision to discontinue the Social Service Tax is the favorable agreement made with the Dominion Government on succession duty and income tax concessions, which will provide Alberta with about \$15,000,000 a year. There is a slight possibility this additional revenue will help to reduce taxation to some extent, but in any event it is to be hoped that our governing body in Edmonton will see its way clear to spend more on education, which is not only our greatest need, but also our greatest tax burden.

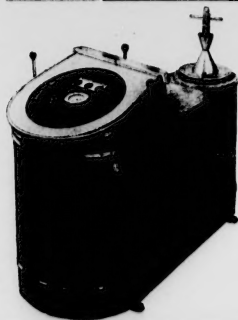

## Announcement

We wish to announce the official opening of our Service Station, following extensive alterations, and are now prepared to service, repair and grease all makes of cars, trucks and tractors.

## BURNSIDE NEWS NOTES

Born to Mr. and Mrs. Joe Hunter at the Didsbury hospital on Wednesday, February 18, a son.

Charlie Marion is still in the Didsbury hospital. He has been there seven weeks now, but at last is up and around but does not know when he will be back home.

Mr. and Mrs. Sam Cullen were dinner guests Sunday with Mr. and Mrs. J.C. McCulloch.

Vigo Torp is renting the Pete Liesemer farm. Vigo just couldn't leave us.

Russel Persinger was a Calgary visitor last Wednesday.

George Long visited last week with his friend Albie Thompson. Albie has just returned from Calgary where he was taking medical treatment and we hope he is now greatly improved.

Don't forget the Ed Liesemer auction sale on March 5th. Everything is being sold and Mrs. Liesemer will serve the lunch at noon. The wedding dance for Mr. and Mrs. A. Marsh at the Lone Pine hall last Friday night drew a large crowd. The Fox orchestra of Carstairs provided the music.

Miss Lucille Long is helping out at the J.C. McCulloch farm.

St. Patrick's Dance will be held at Lone Pine hall on March 17th. If you are looking for a good time be sure and attend.

We are pleased to hear that Mr. Wm. Lyons is much improved in health.

Lila McCulloch spent the week end at the Elliott home.

Mr. and Mrs. Ivan Clendennan of Crossfield visited on Friday night at the home of the latter's parents.

Mr. and Mrs. Schumaker.

Mr. and Mrs. Bob McCulloch were supper guests Sunday at the Brander home.

Mr. James Mackey is spending this week at the home of his sister, Mrs. Joe Clarke.

Mrs. Emily Hunter of Calgary was visiting over the week end with her family.

The snow sure came down over the week end but to date the roads are still open. Who said spring is just around the corner?

## CARD OF THANKS

I wish to thank the representatives of Division 5 of M.D. Mountain View 49 for the confidence they showed in re-electing me to the Council.

W.H. METZ

## CARD OF THANKS

We wish to thank old friends and neighbors for their kindness, sympathy and lovely floral tributes received at the time of our recent bereavement.

Mr. and Mrs. Wrighton & family, Mr. and Mrs. R.G. Stevens & family, Mr. and Mrs. J.F. Stevens & family, Mr. and Mrs. F.A. Stevens & family.

## CARD OF THANKS

We desire to extend our heartfelt thanks to our neighbors and friends for their many expressions of sympathy, the beautiful floral offerings, the comforting service, and to the pall bearers and the quartet for singing his favorite hymn.

Mrs. Cowitz and family.

## NOTICE OF POLL

Election by Electoral Divisions

Public notice is hereby given that an election will be held for a Council for Electoral Division No. 4 of the Municipal District of Mountain View No. 49 for the year 1947, and that polling will take place on Saturday, March 15, 1947, from 9:00 o'clock in the forenoon to 5:00 o'clock in the afternoon.

The Electoral Division No. 4 has been divided into the following polling Divisions:

Polling Division A—Consisting of West half of Township 31, Range 2, West of 5th Meridian, and all of Township 31, Range 3, West of 5th Meridian. Polling place at Melvin Hall.

Polling Division B—Consisting of all of Township 31, Range 4, West of 5th Meridian. Polling place at Byrt & Russell Store, Elkton.

Polling Division C—Consisting of All of Township 30, Range 4, West of 5th Meridian. Polling place at Cremona Hall, Cremona.

Polling Division D—Consisting of all of Township 30, Range 3, West of 5th Meridian, and West Half of Township 30, Range 2, West of 5th Meridian. Polling place at Jackson School.

I will at the Municipal Office, Didsbury on Wednesday, the 19th day of March, 1947, at twelve o'clock noon, sum up the votes and declare result of the election.

Given under my hand at Didsbury, Alberta, this 18th day of February, 1947.

G.A. Youngs,

Returning Officer.

## NOTES FROM THE WEST

The Elkton Willing Workers met at the home of Mrs. M. Campbell Sr. on Wednesday last with 13 present. The following officers were appointed for the coming year:

President, Mrs. R. Befus; vice-president, Mrs. K. Barnard; secretary, Mrs. P. Luft. A quilt was tied to be raffled to aid the funds of the group, and a whist drive will be held at the home of Mr. and Mrs. A.L. Hogg on Tuesday, March 4th. The next meeting will be held at the home of Mrs. Gillies Sr., but the roads are bad. Mrs. P. Luft has offered to take it.

Mrs. K. Korschuh spent the week end in Calgary visiting Mrs. Cummings, formerly of Didsbury.

Mr. and Mrs. Banrob entertained at a card party on Tuesday evening of last week in honor of Mr. and Mrs. C. Wiles of the Cremona district, who are moving to Big Prairie.

Mrs. K. Blain visited her sister in Calgary for two days.

Mr. and Mrs. H. Hoesgood spent Friday evening with Mr. and Mrs. A.L. Hogg.

Not a large crowd as is usual attended the ice carnival at Cremona Saturday evening, the ice being very soft because of the all-day thaw.

Mr. and Mrs. Sanderman of Calgary attended the funeral of Mr. A.F. Cowitz last Thursday and then visited with their friends in Cremona before returning to their home in the city.

Mr. P. Luft was a Calgary visitor last week and we are pleased to hear his mother is doing nicely after a minor operation.

The sympathy of the Elkton district is extended to Mrs. A. Cowitz and family in their recent sad bereavement.

Mr. and Mrs. R. Befus and Mr. Snyder left for Edmonton on Sunday to attend the funeral of Mr. Snyder's brother which was held on Monday.

Always try to kill two birds with one stone and you're likely to miss both.

CANADA'S EXPORTS

Two thirds of Canada's exports to Great Britain are in the "agricultural" and "animal products" groups. Out of total exports of just under 600 million dollars in 1946, wheat and flour amounted to 194

millions; bacon and beef 91 millions; cheese and eggs 47 millions. Other important items are lumber 36 millions, base metals 43 millions. The importance of the farming industry to the general prosperity of Canada comes into sharp focus here.

# BEWARE

## 5c NOW means \$5 LATER!

NOW is the time to protect your cattle Warble-Flies reduce milk production, meat quality, and hide and leather quality. Treatment is easy and effective. It costs about 5c per head and saves \$5.00 per head. To be effective, treatment must be given during March, April and May. Make sure your cattle are protected. It pays later on—in cash!

## WESTERDALE NOTES

(Week of January 19)

A regular meeting of the Westerdale Willing Workers was held last Wednesday afternoon at the home of Mrs. Ben Kershaw, with 15 members and two visitors present. The meeting opened with the singing of O Canada and the reciting of the creed.

The treasurer reported that \$31.35 was raised from the sale of lunches at Mr. J. Befus' auction sale.

A lunch committee of three members was chosen, namely, Mrs. A. Buckley, Mrs. W. Herbert and Mrs. J. Cowie, to supervise supper arrangements for the Irish Stew supper and bazaar which will be held on March 19, between 6:30 p.m. and 8:30 p.m.

A Bazaar committee consisting of Mrs. J. Schrader, Mrs. R. Jackson and Mrs. F. Herbert was elected.

Arrangement were made to make a quilt at the home of Mrs. A. Buckley on February 26.

A very interesting and instructive paper on poultry was given by Mrs. R. Nimmans.

Mrs. W. Herbert and Mrs. F. Jackson were chosen to attend the I.O.D.E. Cancer meeting in Olds next month.

The tea money draw was won by Mrs. J. Cowie.

The next meeting will be held March 12 at the home of Mrs. R. Jackson with the husbands of the members being invited.

The Westerdale school children invited their parents to a Valentine party at the school last Friday afternoon. An enjoyable afternoon was spent at games, etc.

Mr. and Mrs. J. Cowie and Mrs. T. Peters travelled to Calgary by truck last Saturday.

Bill: "Have you heard about the two worms fighting in dead earnest?"

Tom: "No. Poor Ernest."

## MUST APPLY EARLY AT OLDS, VERMILION

Olds and Vermilion schools of agriculture report that 246 senior students will write final examinations in April to create a new record. Of this number 168 are students in agriculture and 78 are girls in home economics courses. Number of graduates from each school will be almost equal, the senior classes at Olds totalling 126 and at Vermilion 130. Diplomas will be presented at the closing exercises to be held on April 9.

Dormitories at both schools are filled to capacity with approximately 200 students in residence at each. Included are about 60 ex-service men, the majority of whom intend to engage in farming on their own plots.

Many applications that could not be accepted last fall were placed on the waiting list for the next school term opening next October. New applications are now being received in increasing numbers at both schools, indicating that the classes will again be filled long in advance of opening date. Though the minimum age for entrance was raised from 16 to 17 years ago, this has not materially reduced the excessively large number of applications.

## HIGH FARM PRICES AND INFLATION

(By H.G.L. Strange)

I have received a number of letters from farmers and others along the following lines:—"If our farmers were to receive the full market price for wheat to Britain, which today is \$2.44 (charged by our Wheat Board to all other countries than Britain) instead of \$1.35 only farmers are now receiving, and if farmers were to receive the same full market price for the wheat used for bread and flour in Canada (70 million bushels) and for which farmers now are credited with \$125, would this not put so much money in the hands of the farmers that it would lead to inflation?"

My answer is that it would not have the slightest effect on inflation, for the reason that the extra money that farmers would receive would come out of the pockets of all the people of Canada, and so, as farmers had more money, the rest of the population would have less, so the total amount of money available to buy goods would not be increased. The only difference would be that the subsidies of 89 cents a bushel to Britain, and of \$1.19 a bushel to Canadian people, would be borne by all the people of Canada, and not placed only on the backs of wheat producers as these subsidies are today.

## TO ACIDIZE LEDUC WELL

Imperial Leduc No. 1 well produced 284 barrels of light crude oil in the last measured 24 hours, according to a report from Edmonton Saturday. The derrick is now being dismantled and the well will be acidized after further pre-acidizing tests are made.

# THE RED CROSS CARRIES ON

Our men and women back from the world battlefields often tell how the Red Cross was there to aid and comfort them—often times to save their lives. Now the Red Cross asks those who extended such solid support during the war years, to help keep the Red Cross strong in peace.

Today there are thousands of sick and disabled veterans who need the con-

tinued help and friendship of the Red Cross. Isolated frontier communities need Outpost Hospitals and nursing service—their only medical aid. Crippled children's hospitals must be maintained and expanded. Men, women and children across Canada need the Blood Transfusion Service the Red Cross has started to supply.

Will you continue to lend your help to sick and suffering humanity? The Red Cross work is your work.

Campaign Headquarters: C.E. Reiber's Office—Phone 90

*The work of mercy never ends—Give*

## FLAX IS A Profitable CROP

### PLAN TO GROW FLAX THIS SEASON

World demand and a universal shortage of fats and oils guarantee a steady, profitable market for all the flax you can grow. Flax grown on the Prairies of Western Canada is of highest quality, and brings premium prices. Plan for maximum acreage in flax this year!

THE ALBERTA LINSEED OIL CO., LTD.  
MEDICINE HAT, ALBERTA

The third estimate of Canada's million. This represents an increase 1946 wheat production places the in production of 102.2 million bush-  
outturn at 430.7 million bushels, els, and an increase in value of  
with a gross farm value of \$480.2 \$112.7 million over 1945.

Write to the address  
below for full particu-  
lars on how you can  
make more money  
growing flax.

## General Motors Announces New 1947 Chevrolet Cars

With virtually no interruption of production for the change-over, General Motors of Canada have announced its new line of 1947 Chevrolet passenger cars, comprising 11 models in three series, all smartly restyled.

The three series are the specially styled Fleetline, the deluxe Fleetmaster and the economy-range Stylemaster. All show marked advances over previous models in exterior styling and trim, and in interior finish and fittings, the announcement said.

The traditional shut-down for new model switch-over was bypassed in making the change at this time, according to E.J. Umbrey, Director of Sales.

"Not only was the usual shut-down for retooling avoided," Mr. Umbrey said, "but there was virtually no decrease in the rate of output when these models went into production. On the day of the change-over, the first of the new models followed the last one of the old on the assembly line almost without a gap."

"GM thus was successful in its determined effort to bring out an improved line of motor cars without halting or seriously retarding production. In order that the great number of waiting purchasers, both those who have placed orders and those who are planning to do so, should encounter no additional delay."

"This factor is one reason why changes have been carried through to these improvements that could be made without causing the car-ners to face further business and financial loss," Mr. Umbrey said.

In restyling the new Chevrolet, engineers have placed on a more

massive front end and a smoother sweep to body contours. New front-end grille and complementing right work, as well as elimination of the body belt moulding give the new model an air of greater luxuriance.

Body interior changes include a new ultra-modern instrument panel, new ornamental treatments of the door upholstery panels and seat pads, new colors in garnish mouldings, new steering wheel and horn button caps and new friction-type adjustable sun shades.

In all instrument panels, the dials, indicators, controls, clock and glove compartment locations remain unchanged, but the panels and their equipment are completely new in color and decoration. A one-piece, die-cast radio grille of new design is the outstanding feature.

The valve-in-head engine that has powered millions of Chevrolets is continued without basic change.

### SOCIALISM IN BRITAIN

There is little argument here but much concern about the crisis that has overwhelmed the people of Great Britain. Full allowance is made for the difficulties left by the war, and for the fatalistic acceptance of the situation by the people, but even the most rabid defender of socialism finds it difficult to explain the sudden unexpected deterioration of the country's economy.

An income tax form was returned recently with the following remark: "Sir, I belong to the Foresters and don't wish to join the Income Tax."

### B.C. PENSIONERS GET \$5 INCREASE

Old age pensioners in British Columbia will receive a \$5 a month cost of living bonus retroactive to Jan. 1 this year, a joint announcement by Premier John Hart, Finance Minister Herbert Anscomb and Provincial Secretary George S. Pearson said.

The bonus, second to be granted by the province, will bring the monthly old age allowances to \$35. Of this amount B.C. will pay \$16.25 and the federal government \$18.75.

### PROVINCIAL HAPPENINGS

Slim Garnett of Rocky Mountain House reports that he has seen a flock of sixteen wild geese on three different occasions recently, in the Buster Creek area. He thinks this flock is wintering on open water in that area.

Mayor Jackson of Innisfail reports that the pumps of the new waterworks system have been tested out and that well number one delivered 24 gallons and number two well 10 gallons per minute. The tower tank is now full, as well as the 30,000 gallon hospital tank.

The building committee at Carstairs report that material for their new covered rink will cost \$14,000 and labor \$6,000, and the major portion of this sum has now been raised. It is planned to build the rink with as much free labor as possible in order to cut down on labor costs, and already several truckers have offered to haul gravel from Calgary without charge.

And at Yorkton, Sask., the bus depot has finally been closed. There hasn't been a bus arrival or departure since late in January because all highways are snow-blocked.

Freedom will live if we live selfishly for the community—not if we live selfishly for ourselves.

## All Canada welcomes the 1947 CHEVROLET!

## BIG-CAR QUALITY AT LOW COST

now made even *bigger-looking*, even *better-looking*  
even more beautiful and desirable in every way

Chevrolet dealers are displaying the newest creation of Canada's largest producer of automobiles — the new Chevrolet for 1947 — offering you an even greater measure of BIG-CAR QUALITY AT LOW COST!

See it and you will agree that it's the *biggest-looking*, and *best-looking* Chevro-

let ever built. It's more *beautiful* in every way, both inside and out. It's designed to *out-style*, *out-value* and *out-drive* all other cars in its price range. And above all, it reveals that sterling Big-Car quality — in every phase and feature, in every part and pound of material — which buyers agree is exclusive to Chevrolet in its price range.

## -: DISTRICT NEWS:-

### ZELLA NEWS ITEMS

Mr. and Mrs. Ernest Gourdin were guests-of-honor at their home on Wednesday evening, February 12th, when friends and neighbors gathered to bid them farewell. A purse of silver was presented to them by Mr. E. Dupont on behalf of those present. The Gourdin family left Friday to take up residence in Edmonton and we wish them every success.

Mrs. Emma Jahnke had a most unfortunate accident last Saturday. While putting wood in the stove she tripped on a carpet causing her to fall against a table and break her right arm. She was taken to the Holy Cross hospital in Calgary for treatment and we understand that she will be home shortly. Mrs. Jahnke has been recuperating from an accident which occurred last year when she was attacked by an enraged bull and suffered a broken left arm and collar bone. Her friends wish her a speedy recovery.

Roger Dubos' truck caught on fire on the Lucas hill. The truck was extensively damaged but luckily Roger escaped without injury.

Miss Joan Cogswell, who has been ill with a sprained back, a result of the toboggan party, is up and around again.

Elwood Scott, another casualty, who has been confined to the hospital for the past week, is now recuperating at home.

### NOTES FROM THE EAST

On February 19th the Lone Pine W.I. met at the home of Mrs. G. Huggard with 14 members and two visitors present. The meeting opened with the singing of O Canada. Doll call was answered with a home-made Valentine.

Programs for the year were handed out. It was decided to start work for the convention, so ladies, don't forget your aprons, dollies and socks for the next meeting.

A Bit of Fun was conducted by Mrs. G. Rathbun in the form of a very interesting contest on proverbs. This was won by Mrs. Elsie Brander. The ten cent draw was won by Mrs. D.B. Wood.

God Save the King was sung to close the meeting and a lovely lunch was served by the hostess, Mrs. G. Huggard, assisted by her sister-in-law.

The next meeting will be held at the home of Mrs. Iona Shells.

A shower was held at the home of Mr. and Mrs. Alan Marsh on February 17, in honor of Mr. and Mrs. Arthur Marsh. Whist was played with honors going to Mrs. Floyd Ahlgren and Mr. Fisher. Consolation awards were won by Mrs. P. Schumaker and Mr. Jack Vanigenier. The prizes were really grand, too.

Miss Ann Dans was the supper guest of Mr. and Mrs. Schumaker on Thursday, February 20.

Mrs. Harold Shells and her brother, Mr. Ralph Odden, who is spending a holiday at the Shells' home, were Thursday guests at the Coates home.

Mr. and Mrs. G. Huggard were Calgary visitors last Monday. Congratulations to Mr. and Mrs. Joe Hunter (nee Lorraine Elliott) on the birth of a lovely baby boy, Donald Samuel, on February 19.

Mr. W.H. Coates was a Hanna visitor for a couple of days. While there he visited with Mr. George Shells, who is still taking treatments from Dr. John S. Paxman.

Mr. and Mrs. Gordon Rathbun made a business trip to Calgary last week.

Marilyn Coates was the guest of Leota Straub on Thursday even-

### MOUNTAIN VIEW NOTES

The largest M.V.W.I. meeting for a long time met at the home of the president, Mrs. Wornall, on Thursday last. The meeting was taken over by the vice-president, Mrs. Gebers, who carried on the meeting in a very efficient way. Six new members joined the W.I. and they were welcomed with a sing song. Mrs. Bruce conducted a guessing contest and Mrs. B. Elliott won the prize.

The meeting closed with the singing of a few songs and God Save the King, and a vote of thanks was tendered to the hostess.

Those attending the ice carnival in Calgary Saturday evening were Mr. and Mrs. Ray Haynes, Ruby and Ronald Hayne and Rex Dawson, Mr. and Mrs. Jim Wilson and Mr. and Mrs. Barney Elliott.

Our boys played hockey at Westcott last week, coming home the winners.

Mr. George Morasch had his tonsils out last week at the Belcher hospital in Calgary.

ing.

We are pleased to report that Mr. John Sanderman is now recuperating at the home of Mr. George Neufeld after his stay in Didsbury hospital.

Mr. and Mrs. Harold Shells and Ralph Odden were Sunday dinner guests with Mr. and Mrs. Bruce Shells.

Miss Jean Coates, Art Coates and Mr. Dwayne Forbes spent Sunday evening at the Shells home.

Miss Claire Wood spent Friday evening and Saturday with her mother and brother.

Mrs. Clare Herron, who has been ill, was taken to the Didsbury hospital on Sunday. We hope a speedy recovery is in store for her.

Mr. and Mrs. R. McCulloch spent Sunday with Mr. and Mrs. Sandy Brander.

Many young folk of the district attended the carnival in Olds on Saturday night.

Dorreck Page spent Sunday with the week end with Edna Dowell and took in the Art Marsh wedding dance. We are wondering who's dance is next ???

Mr. and Mrs. Wilbert Reider and Mr. and Mrs. Pete Nuss motored to Edmonton for the week end in Wilbert's new "Studebaker."

## WORLD HAPPENINGS BRIEFLY TOLD

Auctioneer for the Dover Battle of Britain hospital, a 1920 touring car brought £200 (\$800).

The Royal Indian Navy is to get three ships of the Leander class sent home in 1947. They are the Achilles, Ajax and Leander.

Finland thus far has delivered one-third of reparations valued at \$100,000 to the Soviet Union. It was announced officially.

The Soviet News Agency Tass has reported the discovery of rich new oil fields in the Don and northern Donets valleys.

Dublin harbor is having its first boom since 1939 and customs and shipping company staffs are working long overtime to clear shipments.

One thousand Dutch families are allowed to immigrate to Brazil for farm settlements, according to an agreement between the governments of Brazil and the Netherlands.

LONDON. Princess Elizabeth has been elected an honorary member of the Institution of Civil Engineers—oldest civil engineering institution in the world—becoming its first honorary lady member.

J. R. G. Stirling, president of the B.C. Fruit Growers' Association, reported that the "largest fruit crop in the history of the tree fruits area" was sold last year. Mr. Stirling said the crop sold for close to \$25,000,000.

A really good sermon always seems to apply to someone you know.

## Man Who Refused To Lower Union Jack Is Honored

OTTAWA. The man who refused to lower the Union Jack at Singapore has been awarded the Order of the British Empire, Defense Headquarters announced.

He is Lt. Col. Arthur Robert Stewart of Vancouver, commander of the first party to reach Singapore in September 1945. In its promise of official language of understatement, the citation said this:

"He was most forestal in his dealing with the Japanese, and secured immediately the most vital needs of prisoners of war and internees. He refused to lower the Union Jack despite very strong representations by the Japanese High Command."

Unanimous expressions of gratitude have been received from prisoners and internees themselves for Lt. Col. Stewart's work.

Col. Stewart was credited with doing "unvaluable work" in looking after the interests of prisoners of war interned by the Japanese. He was in complete control of the city from Sept. 1 to Sept. 9, when British sea forces landed.

Born in China and a police officer in Vancouver before the war, he enlisted as a private with the Irish Fusiliers in 1942. Promoted to regimental sergeant-major, he was commissioned while overseas and later was attached to the British Army for special work in Southeast Asia. Lt. Col. Stewart was discharged from the Army last August.

## ANTLER-SHEDDING TIME

Our zoologists tell us that moose and deer shed their antlers during a period extending from December to March, the older animals losing them first. Surprisingly few antlers are found lying about the woods since rodents such as squirrels, mice and porcupines gnaw away at them. Antler is one of the hardest types of bone, too.

New York City has 619 miles of subways, of which 313 miles are actually underground.

The average size for east coast salmon is 10 to 15 pounds. 2711

## JUST TOO WIDE

MADISON, Wis. State Senator Clifford W. Krueger has more trouble than anybody.

The 425-pound legislator couldn't fit into a regular chair in the Senate Chamber, so the state Junior Chamber of Commerce arranged for an oversized model.

It came, but Krueger can't use it. The 3½ foot width is too wide to permit it to fit between the chairs of estimates.

## FOOD COMBINATIONS

Puncting out that not even milk is a perfect, self-sufficient food, nutritionists urge inclusion of all the nutritional factors in diet by combining such edibles as milk, fruit, vegetables, cereals, bread, meat or fish, so that a meal will provide all the essentials to maintenance of health.

## CLASSES DOMESTIC WORK AS SKILLED

VANCOUVER. — No longer can women who visit homes to assist in daily work be regarded as unskilled labor, is the belief of Eleanor S. Morley, supervisor of the women's division of the National Employment Service.

"These people must be classed as household workers," she said. "They are as highly skilled."

The stigma attached to household workers was one reason there was such a shortage of them, she said. Before the war they received as little as five dollars monthly with room and board. Now they are getting 20 cents an hour and more.

"Would-be employers must learn to accept their household help on the same basis as their business employees," she said. "We have a substantial waiting list of employers, but unless conditions change, the help situation this summer will be in even shorter supply than now."

## AVOIDING COLDS

Here's the United National Health authorities suggest one may avoid respiratory infections—most common during cold weather: eat regularly, having well-balanced meals; sleep in well-ventilated rooms, clean out impurities of the air-passages by deep breathing, and stay away from obvious cases of sore throat and head colds.

## GOVERNOR BACKS MILITANT MOOSE

WASHINGTON.—Governor Ernest Gruening of Alaska came forth as a defender of Alaska's militant moose even if they do:

Attack trains.  
Cause derailments.  
Love along ahead of the engines and make a farce of railroad schedules.

Gruening rejected a request by Col. John P. Johnson, manager of the Alaska Railroad, that moose who make pests of themselves be reduced to mooseburgers.

The delay is not sufficiently serious to warrant killing these noble animals whose presence on the railroad, while an occasional handicap to speedy transportation, is more than a compensating feature as an attraction to tourists in the summer time," Gruening said in a replying telegram.

Johnson, obviously not at all delighted by antics of the wayward beasts, complained that on Jan. 10 alone they caused 14 schedule delays and one derailment.

The Kivi is the emblem bird of New Zealand.

Two carloads of high school students, mostly from Grade XII English class, went to Calgary Friday evening, Feb. 17th, to see Shakespeare's "Henry V" at the Tivoli. Cars were supplied by Miss A. Weiss of the Didsbury staff and by Mr. Ray Lantz. Reservations were made earlier in the week by E. Wiggins. All agreed that the picture was well worth the trip and gave new stimulation to the study of Shakespeare. The English class listens to the broadcast of "Macbeth" at 10:30-11:00 each Friday morning over CKUA.

Jack Fleury is visiting in Didsbury with Mr. and Mrs. M. Weber and is helping out at the flour mill.

Miss Doreen Rennie spent the week end at the home of Miss Vivian Ahlgren.

At Cassidy's—New Truck Tires, 7.50x20 and 8.25x20, 10 ply.

Edith Gainer spent the week end with her aunt, Mrs. F.W. Ahlgren.

Miss Norma Ringheim visited over the week end with her sister, Mrs. Alan Marsh.

### WESTCOTT NEWS NOTES

I'm sure many of us in this district were pleased to read in The Pioneer last week of the success of one of Westcott's former teachers, Mr. C.R. Ford, and we certainly wish him continued success in his new position in the Department of Labor at Ottawa.

The Lutheran Ladies Aid met at the home of Mrs. Otto Folkman on Wednesday afternoon last.

We've had a little colder weather this past week and Mr. Dagoford's rink was again the popular gathering place. On Wednesday evening the Scouts played the Fox Mount team another game of hockey, the Scouts winning by a score of 4-2. This was followed by a game between Westcott and the Cheese Eaters. The visiting team had the greater margin of play and won quite easily.

Friday night another big crowd came out to enjoy the skating at Herman's rink and we were pleased to see so many of the Jackson people out our way enjoying themselves.

Mr. and Mrs. Ed Klink, who motored to Edmonton to spend the week end with their daughter Betty, who is attending university, were accompanied on the trip by Mr. and Mrs. Alex Robertson, Miss Phyllis Hughes, and Mr. Bob Youngs. Miss Hughes will visit her aunt, Mrs. Mary Finlay, while in the city, and Mr. Youngs his bro-

ther, Clary, who is also a student at the university.

Many of our residents took in the ice carnival in Calgary last week.

At the high school bonspiel at the local curling rink Saturday the G. Platz rink were all smiles when they defeated the teachers' rink in the first event. Some of these young lads are really taking to the game.

Although The Pioneer has no report of the mixed bonspiel played at the local rink last week, we have learned that the Joe Freeman rink won the main event, and the Frank Kaufman rink skipped by Jack McCloy won the secondary event.

### MINSTREL SHOW PLANNED BY DIDSBURY LIONS CLUB

The Didsbury Lions Club plan to stage a local minstrel show some time in March and invite prospective candidates to take part. Anyone who can sing, dance, recite, or contribute to this show in any way should leave entries with Mr. Lynch-Staunton by Saturday night, March 1st. The show will be built up around the entries submitted.

WANTED—"Wonder" Bone-making machine. Phone A.R. Kendrick or contact E.N. Boettger.

Mr. and Mrs. Ed Ford were in Calgary last Thursday evening and took in the Glencoe Ice Carnival.
